# Well-established Company

- eClinicalWorks is a privately-held, profitable company that focuses on establishing long-term relationships with customers. The company has had no debt since company inception and has been profitable every quarter since 2000. Remaining a private company with no outside investors means that eClinicalWorks is focused solely on customers and not distracted by Wall Street or venture capitalists.

# Success

- eClinicalWorks employs more than 1100+ people across its Westborough, Mass., headquarters and New York, Georgia and California offices.

# Customer Base and Specialties

- eClinicalWorks is ideal for practices of all sizes: large hospital systems use eClinicalWorks for their affiliated physicians; large and small health systems; large and medium medical group practices, including FQHCs and community health centers; and small and solo provider practices all benefit from this system. Its EMR/PM solution is deployed in all 50 states, with more than 7,000 clients ,40,000 providers using eClinicalWorks. The company has a 98.9% renewal rate based on figures from maintenance contracts and Software-as-a-Service (SaaS) renewal agreements – one of the highest customer retention rates in the country.
